

## Xe ATR 60 Technical Data

● Solar Energy Transmission.....	17%
● Solar Energy Reflection .....	08%
● Solar Energy Absorption .....	75%
● Visible Light Transmission .....	05%
● Visible Light Reflection .....	07%
● Shading Coefficient .....	0.43
● UV Transmission .....	<1%
● Glare Reduction.....	84%
● Infrared Rejection (at 1400 NM) .....	90%
● Total Solar Energy Rejected .....	64%

## Characteristics & Benefits

- Excellent Colour Stability for long-lasting colour fastness with great factory match.
- A reduction in solar heat by rejecting 64% of total solar energy.
- Added Privacy for you and your valuables.
- Signal Enabling: Window Films do not interfere with mobile phones, radio reception, radar detectors, or global positioning systems.
- Fuel Efficiency: Keeps a car's interior cool and comfortable whilst reducing the load on the air conditioning system.
- 99% UV rejection protects your car's interior from fading and cracking.
- Known for their quality and the high-quality scratch-resistant coating, Xe films are durable and virtually maintenance free.
- Premium quality guaranteed.
